The popular community fundraiser, the Smile Cookie program at Tim Hortons, will benefit the first

phase of the West Perth Village project over the next two years, the Board of Directors announced. Mark and Cheryl Moore, owners of Tim Hortons in Mitchell, advised

the Board that they are investing in the new West Perth Village by donating all proceeds from the annual Tim Hortons' Smile Cookie campaign over the next two years.

The total contribution goal will be \$25,000.

"We're extremely pleased to be partnering with Tim Hortons on this important project that ensures seniors in our community continue to receive outstanding care in West Perth," said David Murray, Board chair after the pledge was made Jan. 9.

Moore was even more direct when he said his mother lived at the Ritz Lutheran Villa for five years and "we

were grateful for the care and support she received during that time.

"This project is important to our community and so it's important that Tim Hortons does our part to ensure that the new home remains a cornerstone of our community now and in the future," he said.

The Smile Cookie program is usually held in the fall, so look for it later this year and in 2021.

After all, who doesn't love a good cookie?
